

# MAR-TEK 911

## Technical Information

A LOW FOAM LIQUID CLEANER FOR ALL METALS  
AN EASY TO DISPENSE LIQUID  
HEAVY DUTY FOR FERROUS AND NON-FERROUS METALS  
LOW USE CONCENTRATION FOR ECONOMY

### Product Description:

Mar-Tek 911 is a low foaming, heavy duty cleaner for ferrous and non-ferrous metal parts. Mer-Tek 911 contains a corrosion preventative. To prevent parts from flash rusting if they are to be stored before further processing, do not rinse. The parts will need to be rinsed prior to painting or further processing.

### Special Features:

Mar-Tek 911 is low foaming designed to be used in spray type parts cleaners.

### How and When to Use:

Mar-Tek 911 is used in a jet washer at concentrations of 4 to 6 ounces per gallon of water. Temperature 120° to 180°F are recommended. May also be used in dip tank at levels of 8 to 12 ounces per gallon of water. Temperatures at 150° to 180°F.

### Packaging:

Mar-Tek 911 is available in 55 gallon drums and 5 gallon pails.

### Product Specifications:

Physical State: Liquid

Odor: Characteristic

Appearance: Liquid

pH: 11.7

Solubility in Water: Complete

Specific Gravity: 1.07

### Precautions Summary:

Eyes: Irritating. May injure eye tissue if not removed promptly. Flush eyes with cold water for at least 15 minutes and consult a physician.

Skin: Irritating. May cause damage if not removed promptly. Flush thoroughly with water until slippery feeling is gone. Remove and launder contaminated clothing before reuse. Discard contaminated shoes.
