Product Description:

Mar-Tek Pro-Strip is a heavy duty cleaner designed to remove soils and deposits from ceramic tile floors. It is especially good for cleaning grout lines on floors that have been collecting soils and deposits for long periods of time. Although cleaned regularly ordinary cleaners do not completely remove all of the soils from the grout lines and it gradually builds up. Occasional cleaning with Pro-Strip will restore the floor to a new appearance. 1 gallon of Pro-Strip will clean about 400 square feet of tile surface.

Special Features:

Mar-Tek Pro-Strip is not to be used as a routine cleaner, but for occasional use as necessary to restore floors to a new appearance.

How and When to Use:

Mar-Tek Pro-Strip is not diluted for use. Evenly apply to the floor at a rate of ½ gallon to 100 square feet of floor being cleaned. Thoroughly scrub the tiles using a buffing machine equipped with a scrub brush. Vacuum floors dry. After scrubbing apply 1 quart of AW-70 over cleaned area and again scrub area with the buffer. Vacuum dry and rinse with clear water.

Packaging:

Mar-Tek Pro-Strip is available in 55 gallon drums and 5 gallon pails.

Product Specifications:

Physical State: Liquid
Odor: Aromatic
Appearance: Light Amber
pH: 13.5
Solubility in Water: Infinite
Specific Gravity: 1.09

Precautions Summary:

Mar-Tek Pro-Strip contains free caustic and is very corrosive to eyes and skin. Wear proper protective clothing, rubber gloves, face shield, and rubber safety shoes must be worn when handling and using this product. Remove and launder contaminated clothing before reuse. Destroy contaminated shoes.

Eyes: Irritating. May injure eye tissue if not removed promptly. Flush eyes with cold water for at least 15 minutes while holding eyelids open and immediately consult a physician, preferably an ophthalmologist.

Skin: Irritating. May cause damage if not removed promptly. Flush thoroughly with water until slippery feeling is gone. See a physician.

Inhalation: Use proper respiratory equipment and adequate ventilation.

Ingestion: If swallowed do not cause vomiting. Dilute with several glasses of water or milk. Immediately get medical attention. Do not give anything by mouth to an unconscious person.

Flash Point: Nonflammable

Notes:

Keep out of reach of children. Do not take internally. For professional use only. Please refer to the MSDS mtprostr sheet for more detailed handling instructions and specific health hazard, first aid, and precautionary information before using this product.
