

SECTION 1: Identification of the substance/mixture and of the company/undertaking

Product Name: **Mar-Tek 1080**
 Product Code: **MT1080**
 Product Use: **Spray machine cleaner for all metals**
 Manufacturer Address: **Mar-Tek Industries**
301 Industrial Drive, Forney Texas 75126
 Phone: **(214) 350-9401**
 Emergency Telephone No. **ChemTel Inc. 1-800-255-3924**

SECTION 2: Hazards Identification

GHS Classification of substance or mixture:

GHS Classification: Skin corrosion/irritation Category 1, IA, IC

Specific target organ toxicity-single exposure Category 3

GHS Label elements including hazards and precautionary statements

Signal word: **DANGER**

Pictogram

MAR-TEK INDUSTRIES

Hazard statements: H314 Causes severe skin burns and eye damage.
 H335 May cause respiratory irritation; or
 H336 May cause drowsiness or dizziness.

Precautionary statements:

Prevention: P260 Do not breathe dusts or mists.
 P264 Wash hands thoroughly after handling.
 P280 Wear protective gloves/protective clothing/eye protection/face protection.
 P271 Use only outdoors or in well-ventilated area.

Response: P301+330+331 IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.
 P302+361+354 IF ON SKIN: Take off immediately all contaminated clothing. Immediately rinse with water for several minutes.
 P363 Wash contaminated clothing before reuse.
 P304+340 IF INHALED: Remove person to fresh air and keep comfortable for breathing.

P316 Get emergency medical help immediately.
P321 Specific treatment (Refer SDS section 4)
P305+354+338 IF IN EYES: Immediately rinse with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P319 Get medical help if you feel unwell.
Storage: P403+P233 Store in a well-ventilated place. Keep container tightly closed.
P405 Store locked up.
P403+233 Store in a well-ventilated place. Place container tightly closed.
Disposal: P501 Dispose in accordance to local/regional/national/international regulation.

Supplemental hazard statements: None

SECTION 3: Composition/Information on Ingredients

Chemical Name	Disodium metasilicate
Common Names	Sodium silicate
EINECS:	229-912-9
CAS No.	6834-92-0
Content (w/w)	1-10%
Other non-hazardous components	90%

SECTION 4: First aid measure

Description of first aid measures

General Advice: Consult physician. Show this safety data sheet to the doctor in attendance.

If inhaled: If breathed in, move person into fresh air and keep at rest in a position comfortable for breathing. If not breathing, give artificial respiration. Consult physician.

In case of skin contact: Take off contaminated clothing and shoes immediately. Wash it off with soap and plenty of water. Consult physician.

In case of eye contact: Rinse thoroughly with plenty of water for several minutes, remove contact lenses if present and easy to do. Continue rinsing. Consult physician.

If swallowed: DO NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult physician.

Most important symptoms and effect, both acute and delayed: Burning sensation, cough, wheezing, laryngitis, shortness of breath, spasm, inflammation and edema of the larynx, inflammation and edema of the bronchi, pneumonitis, pulmonary edema. This material is extremely destructive to tissue of the mucous membranes and upper respiratory tract eyes and skin.

SECTION 5: Fire-fighting measures

Suitable extinguishing media: Water fog. Foam.
Dry chemical powder.
Carbon dioxide (CO₂)

Unsuitable extinguishing media: Do not use water jet as an extinguisher, as this will spread the fire.

Special protective measure: Wear self-contained breathing apparatus for firefighting if necessary.

Further information: This product itself does not burn.

Specific hazard arising from the chemical: Sodium oxides, silicon oxide are expected to be the primary hazardous decomposition of this product.

SECTION 6: Accidental release measures

Personal precaution, protective equipment and emergency procedures: Use personal protective equipment. Avoid breathing vapours, mist and gas. Ensure adequate ventilation. Evacuate personnel to safe areas.

Environmental precautions: Prevent spillage from entering drains. Any release to the environment may be subject to federal/national or local reporting requirements.

Methods and materials for containment and cleaning up: Sweep spilled substance into plastic containers; if appropriate, moisten first to prevent dusting. Cautiously neutralize remainder with dilute acid (preferably acetic acid). Then wash away with plenty of water.

SECTION 7: Handling and storage

Precaution for safe handling: Avoid contact with skin and eyes. Keep containers closed when not in use. Store in a dry, cool and well-ventilated area. Containers may contain residue.

Conditions for safe storage, including any incompatibilities: All containers should be disposed of in an environmentally safe manner in accordance with all the government regulations. Keep this and all chemicals out of children.

SECTION 8: Exposure controls/personal protection

Engineering controls: General room or local exhaust ventilation is usually required to meet exposure limit (s).

Occupational exposure controls: Contains no substances with occupational exposure limit values.

Personal protective equipment

Eye/face protection: Safety glasses or approved equivalent as necessary to minimize eye contact.

Skin: Wear alkaline resistant gloves (natural latex).

Inhalation: Use a well-ventilated area. If mist is being generated and exceeds the TLV a respiratory protection program meeting OSHA 1910.134 requirements must be followed.

General hygiene consideration: Use proper industrial hygiene practices to minimize hazardous exposure. Wash hands after handling this material before eating and smoking.

SECTION 9: Physical and chemical properties

Appearance

Physical state: Clear liquid

Color: Clear

Odor: Characteristic

Odor threshold: Not available

pH: 12.3

Melting point/freezing point: Not available

Initial boiling point/boiling range: Not available
Flash point: Not applicable
Evaporation rate: Not available
Flammability (solid, gas) No data available
Upper/Lower flammability or explosive limits
 Flammability limit-lower (%): No data available
 Flammability limit-upper (%): No data available
Vapor pressure: No data available
Vapor density: No data available
Solubility (ies): Infinite
Specific gravity: 1.03
Partition coefficient
 (n-octanol/water): Not available
Auto-ignition temperature: Not available
Decomposition temperature: Not available

SECTION 10: Stability and reactivity

Chemical stability: Stable under recommended storage conditions.

Possibility of hazardous reactions: Hydrogen

Condition to avoid: None known

Incompatible materials: Strong acids, strong oxidizers

Hazardous decomposition: Sodium oxide fumes. Solution of sodium meta silicate when heated or acidified are hydrolyzed to free sodium ions and silicic acid.

SECTION 11: Toxicological information

Information on likely route and sign and symptoms of exposure

Acute toxicity: LD50 Oral-rat-600-1350mg/kg

Ingestion: Harmful if swallowed.

Inhalation: May be harmful if inhaled. Material is extremely destructive to the tissue of the mucous membranes and upper respiratory tract. Causes respiratory tract irritation

Skin contact: May be harmful if absorbed through skin. Causes skin burns.

Eye contact: Cause eye burns

Chronic toxicity Damage to organs: No data available

Teratogenicity Not available

Mutagenicity Not available

Embryotoxicity Not available

Specific target organ toxicity: Single exposure; may cause respiratory irritation, dizziness or drowsiness.

Acute toxicity

 Skin: Corrosive –rabbit-severe irritation-24hrs

 Eyes: Not available

 Respiratory: Not available

 Ingestion: Not available

Carcinogenicity:

IARC Not classified as to its carcinogenicity to human.

ACGIH No component of this product presents at levels greater than or equal to 0.1% is

identified as carcinogen or potential carcinogen by ACGIH.
 NTP No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.
 OSHA No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

SECTION 12: Ecological information

Ecotoxicity data:

Aquatic toxicity: This material has exhibited moderate toxicity to aquatic organisms.
 LC50 (96Hr) fish: 210mg/L
 EC50 (96 Hr) water flea: 216 mg/L

Terrestrial: This material has exhibited slight toxicity to terrestrial organisms.

Persistence and biodegradability: This material is inorganic and not subject to biodegradation. And it is believed to persist in the environment.

Bio-accumulative potential: No data available

Mobility in soil: No data available PBT and vPVB Assessment: No data available

Other adverse effect: No data available

SECTION 13: Disposal consideration

Waste disposal method: Dispose of in accordance with federal, state and local authorities.

Contaminated packaging: Dispose of container and unused content in accordance with federal, state and local requirements.

SECTION 14: Transportation information

US Department of Transportation

Shipping Name: Compound, Cleaning liquid (Non-hazardous)
 Hazard Class: Not regulated
 UN Number: Not regulated
 Packaging Group: Not regulated
 Label statement: None
 Marine pollutant: No

SECTION 15: Regulatory information

TSCA inventory status	All ingredients are listed on the TSCA inventory
CERCLA	Not listed
California proposition 65	Not listed
Massachusetts Right to Know Act	Not listed
New Jersey Right to Know Act	Not listed
Pennsylvania Right to Know Act	Not listed
Minnesota Right to Know Act	Not listed
Florida Right to Know Act	Not listed
SARA 302	Not listed
SARA 304	Not listed
SARA 311	Listed

SARA 312	Listed
SARA 313	Not listed
WHMIS Canada	Listed

SECTION 16: Other information

Revision Date: 10/2/2019

NFPA Ratings

Health	I
Flammability	0
Reactivity	0
Specific Hazard	N/A
