

40B TECHNICAL INFORMATION

DIP TANK CLEANER FOR ALUMINUM NON-FERROUS METAL EFFICIENTLY REMOVES SOIL, RUST AND PAINT EASY RINSING

Product Description:

A heavy-duty hot degreaser that is safe for use on aluminum, zinc and non-ferrous metals. Mar-Tek 40B will not cause a smut deposit or corrode these metals. It can also be used on ferrous metals when cleaning mixed loads or when non-caustic cleaner is desired for personal safety.

How and When to Use:

Recommended use temperatures are 180°F up to boiling. Use concentrations range from 6 to 10 ounces per gallon of water. Cleaning time depends on the soil type and temperature. Heavier soil loads require higher concentration and temperature.

Product Specifications:

Physical state: Powder
Odor: Neutral
Appearance: White
pH: 12.3
Solubility in water: Complete
Flash Point: N/A

Packaging:

100 Fiber Drum
200 Fiber Drum
400 Fiber Drum

Special Features:

Mar-Tek 40B contains an efficient surfactant system to penetrate oily soils and minimize scaling of equipment.

Precautions Summary:

Mar-Tek 40B contains no free caustic. Wear proper protective clothing, rubber gloves, and face shield when using.

Eyes: Irritating. May injure eye tissue if not removed promptly. Flush eyes with cold water for at least 15 minutes while holding eyelids open and consult physician, preferably an ophthalmologist.

Skin: Irritating. May cause damage if not removed promptly. Flush thoroughly with water.

Inhalation: Use proper respiratory equipment. Mists are irritating to eyes and respiratory tract.

Ingestion: Do not induce vomiting. Corrosive to mouth, throat, and stomach.

Notes:

Keep out of reach of children. Do not take internally. For professional use only. Please refer to Mar-Tek 40B SDS for more detailed handling instructions and specific health hazards, first aid, and precautionary information before using this product.
